

Outline housing proposal for land off Fields Road

We have been approached by Tim Hamilton from Manor Farm who is in the early stages of drawing up a proposal to include a number of affordable housing units.

The site is on Fields Road to the north west of the playing field and adjacent parish council land (site outlined in red on plan).

We have asked Mr Hamilton to attend our August meeting so that he can explain his ideas to the council and answer any questions we may have.

Site location plan

We have agreed that at the appropriate time we will hold a public meeting so that anyone interested in the proposals can have their say.
